Independent Auditors' Report

Report on the Financial Statements

We have audited the accompanying financial statements of We Don't Waste, Inc., which comprise the statement of financial position as of December 31, 2020 and 2019, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the We Don't Waste, Inc. as of December 31, 2020 and 2019, and the changes in net assets, cash flows, and functional expenses for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The appendices have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization – We Don't Waste, Inc. (the "Organization") is a Colorado nonprofit corporation which was incorporated in July 2009. The Organization's mission is to resource surplus food from venues, events, caterers, restaurants, and other major food distributors and deliver the products to community-based non-profit agencies serving vulnerable populations to increase food security within those populations. The Organization enables community agencies to feed the needy, serving as the link between food sources and the underserved. We support the community and the environment by reclaiming and redistributing quality food to those in need. The Organization resources surplus food from venues, events, caterers, restaurants, and other major food distributors and delivers the products to community-based non-profit agencies serving vulnerable populations to increase food security within those populations, while reducing the amount of food destined for landfills.

Basis of Presentation –The financial statements of We Don't Waste, Inc. have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require the organization to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Organization's management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Cash and Cash Equivalents – For financial statement purposes, the Organization considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

WE DON'T WASTE, INC.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES(Continued)

Contributions – Contributions received are recognized in the period received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for specific purposes are reported as net assets with donor restrictions. Support that is restricted by the donor is reported as net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. Net assets with donor restrictions are reclassified to net assets without donor restrictions when the donor restriction is satisfied. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Contributed property and equipment are recorded at fair value at the date of donation. Contributions with donor-imposed stipulations regarding how long the contributed assets must be used are recorded as net assets with donor restrictions; otherwise, the contributions are recorded as net assets without donor restrictions.

Fair value measurements – Fair value is defined as the price that would be received to sell an asset in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. Fair value should be based on the assumptions market participants would use when pricing an asset. US GAAP establishes a fair value hierarchy that prioritizes investments based on those assumptions. The fair value hierarchy gives the highest priority to quoted prices in active markets (observable inputs) and the lowest priority to an entity's assumptions (unobservable inputs). The Organization groups assets at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 Unadjusted quoted market prices for identical assets or liabilities in active markets as of the measurement date.

- Level 2 Other observable inputs, either directly or indirectly, including:
 - Quoted prices for similar assets/liabilities in active markets;
 - Quoted prices for identical or similar assets in non-active markets;
 - Inputs other than quoted prices that are observable for the asset/liability; and,
 - Inputs that are derived principally from or corroborated by other observable market data.

- Level 3 Unobservable inputs that cannot be corroborated by observable market data.

The Organization has investments that are valued using Level 2 inputs.

Revenue Recognition – All revenues are recognized as earned.

NOTE 2: IN-KIND DONATIONS

During the year the Organization received donated food, property and other supplies and services. For the years ended December 31, 2020 and 2019, the amount of in-kind donations totaled \$11,451,974 (\$11,451,974 food value, 23,921,758 food servings) and \$12,615,675 (\$12,542,175 food value, 19,109,322 food servings), respectively. These amounts are recorded as contribution revenue and expense in the financial statements.

A number of volunteers have donated time in connection with Organization's activities. No amounts have been reflected in the financial statements for these donated services as they do not meet the criteria for recognition under SFAS No. 116.

NOTE 3: AVAILABILITY AND LIQUIDITY

As of December 31, 2020, the Organization has a working capital of \$2,028,959 and average days (based on normal expenditures) cash on hand of 450.

Financial assets available for general expenditure within one year of the balance sheet date, consist of the following:

	<u>2020</u>	<u>2019</u>
Cash and Investments	\$ 2,028,959	\$ 1,224,694
Accounts Receivable, Net	<u>112,500</u>	<u>40,000</u>
Total Financial Assets	<u>2,141,459</u>	<u>1,264,694</u>
Less amounts not available to be used within a year:

Financial Assets available to meet general expenditures over the next twelve months	<u>\$ 1,541,459</u>	<u>\$ 1,264,694</u>

The Board has restricted funds in the amount of \$600,000 for operating expenses that approximate 6 months of operating costs. There were no restricted funds in 2019.

As part of the Organization's liquidity management plan, cash in excess of daily requirements are invested in money market funds.

The Organization's goal is generally to maintain financial assets to meet 90 days of operating expenses (approximately \$165,000). As part of its liquidity plan, excess cash is invested in short-term investments, including money market accounts.

 Total	 <u>\$ 220,010</u>	 <u>\$ 50,000</u>

2020 APPENDIX

APPENDIX A - NONPROFIT REPORT

History

We Don't Waste, founded in 2009, concluded its 11th year of operation, the first three under the fiscal umbrella of an established 501(c)(3). In 2011, We Don't Waste secured its 501(c)(3) and has operated successfully ever since as its own independent entity.

Servings of Food and Valuation

By the end of 2020, We Don't Waste had recovered nearly 24 million servings of food, valued at over \$11.5M, from 161 food donors. As a result of carry-over inventory from 2020, We Don't Waste distributed almost 24.6 million servings of food in 2020, equal to nearly 8.2 million meals. This food was distributed through We Don't Waste's Mobile Food Markets and to 104 agencies (plus an additional 130 agencies through partner distribution) throughout the Metro Denver area at a cost of \$0.15 per meal. While the number of servings of food increased in 2020, as compared with 2019, the value of the in-kind food recovered decreased due to better control and inventory adjustments from food donors. With the recovery of 24 million servings, We Don't Waste diverted over 14 million pounds of greenhouse gases (CO₂e), equal to removing 1,400 cars from the road for an entire year.

Financial Position

The We Don't Waste net position increased by \$900,434 for the year ended December 31, 2020. In the view of management, the entity is in a solid financial condition with no long-term debt.

The value of the service of We Don't Waste to community-based agencies allows each agency to provide more nutritious food to their clients as almost 50% of the food distributed is comprised of fresh fruit, vegetables, lean protein and dairy, while at the same time saving agencies substantial sums of money from their food budgets for use in expanding other programming.
